

## ● 215W Hydraulic Excavator

### Technical Parameters:

|                |                |
|----------------|----------------|
| model          | 215W           |
| length         | 9524×3608×2470 |
| operating      | 21000-22000    |
| rated          | 0.9-1.0        |
| digging depth  | 6437           |
| radius         | 10020          |
| height         | 10638          |
| dumping height | 7730           |
| force          | 152            |
| stick force    | 120            |
| capacity       | 70%            |
| engine         | YC6A190Z-T20   |
| output         | 140            |
